Dear Potential Employer,

Thank you for taking the time to review my résumé, and considering me for your upcoming project.

After Fifteen years in the film & video industry, I have a wide variety of production and management experience on a broad range of projects. They include: corporate communications video, feature films, broadcast television, commercials, infomercials, live events & still photography. Being experienced in both managerial positions as well as with the technical side of production gives me a skill set that is beneficial to any production team.

I would welcome the opportunity to meet with you and discuss how I might become part of your team.

Sincerely,

A handwritten signature in black ink, appearing to read 'JT', is placed over a light gray rectangular background.

Jon Tierney
